## Rules and Procedures for Workshops 2010

The glassblowing process is a thrilling experience, however we need you to follow a few simple rules to ensure a safe and memorable visit.

### Before you arrive:

The glass studio is very warm so do not wear bulky or synthetic (nylon or polyester) clothing. A long sleeved cotton shirt is needed to protect your skin from the heat. You will be standing most of the time so wear comfortable shoes like sneakers - no open toed shoes, heels or sandals. Do not wear metal jewelry: bracelets, rings, watches, necklaces - they conduct heat. Wear your glasses instead of contacts – dark sunglasses should be worn to prevent eye injury due to UV and IR light exposure. Some projects require blowing through the pipe so Ladies- please do not wear lipstick or gloss. Please arrive 10 minutes before your scheduled session. **Everyone** must sign a waiver/release form before working in the studio.

### While you are here:

Most of the equipment is hot to the touch so be careful where you lean or place your hands. Pay close attention to your instructor: He will demonstrate the entire process and then walk you through each step. Don't be afraid to ask questions or let him know if you are uncomfortable at any time. Water is provided for all workshop participants. You may take pictures! Anyone under 18 MUST be accompanied by an adult.

\*After you create your own unique glass piece it needs to cool down slowly in the annealer so you will have to come back in a couple of days to pick it up.

### Don't Forget:

- Cotton Long Sleeve Shirt
- Sunglasses
- Hair Tie for Long Hair
- Camera
